

Package ‘FIs’

January 7, 2025

Title Human Functional Interactions (FIs) for splineTimeR package

Version 1.35.0

Date 2020-04-14

Author Agata Michna

Maintainer Herbert Braselmann <hbraselmann@online.de>, Martin Selmansberger <martin.selmansberger@helmholtz-muenchen.de>

Depends R (>= 3.3)

Description Data set containing two complete lists of identified functional interaction partners in Human. Data are derived from Reactome and BioGRID databases.

FIs

Human Functional Interactions (FIs)

Description

Data set with two complete lists of identified functional interaction partners in Human. Data are derived from Reactome and BioGRID databases.

Usage

```
data(FIs)
```

Format

A list of two data frames with two columns describing interaction partners.

FIs_Reactome functional interactions derived from Reactome database

FIs_BioGRID functional interactions derived from BioGRID database

Details

The data sets contain unique interaction pairs. Self-loops are not considered.

Value

A list of two data frames.
